

The Time Nears!

THE GRADUATION season is here... and Greg Benk and Virginia Jones, two of Westmoor High's seniors know it. Benk is already clockwatching with Westmoor's commencement exercises still a day away—8 p.m. tomorrow. Some 427 Westmoor seniors will join the hundreds of others throughout the North County who are climaxing their high school days this week.

Spotlight on N. County Graduation Exercises

Thousands of North County high school seniors will suddenly become former students tomorrow and Friday nights, as graduation ceremonies are held at the area's eight high schools.

Westmoor, Jefferson, Oceana and Capuchino High Schools have scheduled their ceremonies for tomorrow evening, all at 8 p.m.

In each case, the graduation will take place in the gymnasium.

On Friday, Terra Nova, Crestmoor, South San Francisco and El Camino High Schools will conduct their commencement ceremonies. All but El Camino will begin at 8; El Camino's rites begin at 7:30.

The Friday exercises will also be conducted in the school gym-

nasiums, with the exception of South San Francisco High, where graduates will file into the auditorium.

The exercises will climax weeks of preparation, fitting of caps and gowns, and practice by school bands of "Pomp and Circumstance."

Jefferson Union High School District Supt. Edward Morgan will present the diplomas to graduates at Westmoor High School, where the principal address will be by senior speaker Elaine Pistoresi. Westmoor will graduate 427 seniors.

At Terra Nova, board member James Cooper will present the diplomas. David Patterson will be class speaker, Robert Del Bianco valedictorian, and Neena Nocita salutatorian. The class numbers 229.

At South San Francisco High, Hale Porter, member of the board of trustees, will present diplomas to 371 graduates. Speakers will be Richard Beach and Melissa Jones.

El Camino High School, where 263 seniors will graduate, will feature talks by senior Shirley Harris, Ed Zapletal, valedictorian, and Chris Gregory, salutatorian. Trustee George Barulich will award the diplomas.

Senior class speaker at Oceana High School will be Pat Overton. James Robinson will be valedictorian, and Patti Schnittgrund salutatorian. Diplomas will be presented to some 208 seniors by Trustee Ray Milton.

Capuchino High School Principal Paul Baldwin will present the diplomas to his graduates. Class speakers for the exercises

will be Gary Catsoulis, Stuart Scott and Joe Dunne.

Crestmoor High School will graduate 210 students. Supt. Leon Lessinger and Principal David Studebaker will award the diplomas. Howard McMaster, Debbie Burton and Lee Kriegsfeld, student body president, will be the featured speakers.

Jefferson District Trustee Elio Fontana will hand out the diplomas at Jefferson High School's commencement exercises. Charles Clark will be class speaker. Valedictorian will be Glenn Gee, and salutatorian will be Sandra Campbell.

Complete lists of Terra Nova and Westmoor High School graduates, as provided by the schools, appear on page two of today's edition.

Graduates of the other six North County high schools will be listed in next Wednesday's Post.

Delivered to 42,061 North County homes, including Daly City, Pacifica, Colma, South San Francisco and San Bruno. Daily City office at 30 Park Plaza Drive, Westlake Shopping Center, WY 2-2262.

"WHY COULDN'T WE..."

Gust Ponders At Pacifica

By DENIS WADE

For two months since his election to the Pacifica City Council, Nick Gust has sat quietly at meetings, listening to his fellow councilmen discuss city business at length, and occasionally offering a diffident suggestion, prefaced by, "Why couldn't we..."

Last week, councilman Gust spoke out—at length—about the condition of Pacifica. Reading from notes he had compiled, he listed nearly a dozen possibilities for improving the city.

Most of the items, he said, could be considered by the council during their forthcoming hearings on the city budget—for many of them would involve the way city money is spent.

Members of the audience burst into applause at one point in Gust's impromptu speech, and afterward several commended him.

Among the freshman councilman's suggestions were these:

Consolidation of the Parks, Beach and Recreation Department with the Public Works Department, for maintenance purposes. This, said Gust, would result in an increase in available manpower and greater efficiency, since the work staffs of the two departments could be used interchangeably.

"I'd like to see a better image created of the whole city of Pacifica," Gust went on. He pointed to Westview, where a number of homes have been allowed to deteriorate amid a clutter of junk cars and uncut weeds.

Gust called for stricter police control of junk cars parked on the city's streets, as one important step toward cleaning up Westview and the rest of the city.

"I'm ashamed of conditions at Westview school," he said, noting that obscenities scrawled on the school wall have not been removed by school authorities.

As to city facilities, Gust questioned duplication of facilities by city agencies, and outside organizations. He suggested looking into the possibility of sharing such things as maintenance facilities with school districts or water districts.

He also said that he believed the city could acquire the school maintenance yard adjacent to city hall, to provide needed space for the expanding municipal government, possibly the police department.

More Little League ball parks in the northern end of the city was another Gust suggestion.

County Election Roundup—Runoffs for Four Seats

A total of 144,519 San Mateo County voters went to the polls last week, to face the longest ballot in the county's history. When it was all over, it was evident that runoffs will be required in November for four non-partisan posts.

These include county supervisor, assessor, recorder, and superintendent of schools.

In the second supervisorial district the race ended in a close three-way split, with incumbent Supervisor A. C. "Bud" Harrison with 32,515, leading former Daly City Mayor Bob St. Clair who had 31,929, and Undersheriff Wes Pomeroy who garnered 31,092 votes.

U. S. Simonds, with 18,374 votes, placed fourth. Harrison was the first choice in San Mateo, Burlingame, San Bruno, Belmont, and Brisbane, while St. Clair led in all other North County cities and the Coastside. Pomeroy's forte was in the South County.

Two other supervisors running unopposed on the ballot received large countywide votes of confidence. Board Chairman T. Louis Chess received a total of 81,562. Supervisor Jean Fessler won 82,397 votes, despite a write-in campaign by former Half Moon Bay Mayor John Carter.

In the assessor's race Deputy Assessor Jack Estes received a total of 48,768 votes and will

face run-off contender Thomas Noonan of Daly City who received 31,291.

Seven recorder candidates were reduced to two: Millbrae Councilman Marvin Church with 30,845 votes, and Superior Court Clerk Robert Duffy with 18,032.

In the county superintendent of schools contest, the run-off will be between San Carlos Superintendent Albert Beardsley, who received 51,195 votes, and Hillsborough Superintendent J. Russell Kent, who chalked up

40,885. A third contender, teacher Joseph Muldown, received 15,927 votes.

The largest number of votes for unopposed county offices was received by District Attorney Keith Sorenson with 96,279; Superior Court Judge Louis B. Dematteis with 93,275; Tax Collector Ross Conti with 92,358; Coroner Paul Jensen with 92,392, and County Clerk John Bruning with 91,288.

The largest number of votes in a contested seat was scored (Please See Page 2, Column 3)

D.C. Council Tribute To Slain Officer Klass

The Daly City Council formally paid tribute to slain police officer Richard Klass Monday night, ordering a resolution of commendation for his "exemplary" work and adjourning their meeting in his memory.

The tribute came a few hours after an honor guard of his fellow officers participated in services for the 25-year-old officer, who died last Thursday while being prepared for surgery. He was shot

May 6 in a struggle with an escaped prisoner.

"All too often," said Mayor Albert Polonsky, speaking of the police force, "we overlook the fact that they stand between us and those elements of lawlessness in the community."

Klass, he noted, had begun May 6 as every officer does each day, prepared for whatever duty he might be called upon to perform.

"We have suffered a loss," Polonsky said.

Freeway Link To Be Opened Soon

Traffic jams and tempers will be eased June 30, or shortly thereafter, when the State Division of Highways opens the final link connecting the Junipero Serra and Southern Freeways between Daly City and San Francisco.

Work on the six-lane super-highway segment, originally set for completion next Monday, has been delayed by minor setbacks, including recent rains.

Still to be completed by the contractor, according to State Highway Engineer Everett Raymond, are a variety of "little jobs" left to the last.

They will be finished, he said, no later than the first week in July.

Whether or not formal dedication ceremonies will be held—and if so, by Daly City or San Francisco—is yet to be decided. Opening of the link will pro-

vide motorists with a direct freeway route from Daly City's southern edge, via the Southern Freeway, to the Bayshore Freeway and Bay Bridge.

It will alleviate congestion on Alameda Boulevard, particularly for southbound motorists during evening commute hours, between the two present portions of freeway.

The opening of the new route will also allow re-opening of northbound lanes connecting Junipero Serra Boulevard with 19th Avenue in San Francisco. Motorists must presently detour through Westlake and Lake Merced Boulevard due to freeway construction.

JEFFERSON ELEMENTARY Board Approves Teachers' Pay

A general 5.6 per cent increase in teacher salaries in the next fiscal year was approved by Jefferson Elementary School

District trustees in Daly City Monday night.

The board balked, however, at a proposal to include additional, though perhaps merited, longevity increments every four years beyond the maximum limits of the salary schedule until school administrators spelled out the plan's mechanics.

In principle, the trustees said, they favored the longevity idea, but were unwilling to give a firm, blanket okay without knowing more details.

There also was split opinion as to whether or not longevity increments, once approved, should encompass more than one step on the salary schedule.

Board member George Perry, particularly emphatic, said "in this new area" the trustees should act "conservatively." He explained that to mean granting of longevity pay increases on the final step only. Others were inclined initially to buy the entire package.

However, they followed Perry's lead and called for a written, full-structured account from administrators concerning the proposal.

During discussion of the salary schedule, it was explained that:

—The basic starting salary for new teachers, with a four-year degree is \$5,810 annually.

—The salary paid a beginning principal is \$11,360 in the Jefferson District.

—The district's median teacher salary is "about" \$8,200.

—And the average teacher has had five years' teaching experience.

Regarding the principal salaries, Perry suggested it might be "hard" for a principal to "administer" if teachers made more money than the administrator.

Trustee O. Wayne Douglas, however, discounted Perry's theory. He took the opposite view—one that brought some amusement.

Pacifica Chamber's New Officers Are Installed

Lyle Planje

Succeeds

Vander Hule

Lyle Planje moved up to president of the 98-member Pacifica Chamber of Commerce yesterday.

He has been vice president this year.

The manager of the Wells Fargo bank branch there, Planje was installed, along with other officers, at a noon luncheon at Nick's Restaurant by Jim Cooper, an executive of the Greater San Francisco Chamber of Commerce.

Taking over leadership with Planje, who succeeds Stan van der Hule, are Mario Torrigino, vice president; Nita Buchanan, secretary, and Mike Wyman, treasurer.

In addition to the new officers and van der Hule, Basil Gladioux, a former part-time manager of the chamber, was seated as a member of the board of directors.

Cooper, a Pacifica resident and assistant manager of the San Francisco chamber for 17 years, told Planje that his selection as president of the Pacifica unit was a "distinct honor."

He said the business community could confer "no finer accolade" than naming him to lead their group.

Cooper offered the Greater San Francisco Chamber of Commerce's "congratulations" on top of his own.

Van der Hule, in stepping down to devote more time to business pressures and obligations as manager of Eureka Federal Savings, summed up the "action program" of the chamber during his term in office, and extended his "appreciation" for the "co-operation" of members, directors and city and county departments and officials.

"This co-operation," he acknowledged, "has made this a year of achievement for the chamber," though he did admit there is "a long way to go."

The chamber is headed in the "right direction," he declared.

Among accomplishments, he pointed out, were the firm establishment of a full-time manager (Bernard Lake, a former Boy Scout official), advancement of committee action, a concept putting the chamber into "the position of a business," and initiation of the unit as "a voice in city affairs."

When he took office last year, van der Hule proposed a program in which nine committees would be formed, to encompass industrial and business development, chamber research, membership projects, publicity and public relations, professional, governmental affairs, freeway-highway and real estate activities.

Kiss for President

WHAT MORE could a guy want? Miss Pacifica—Candy Troy—plants a kiss of congratulations on cheek of newly installed Pacifica Chamber of Commerce president, Lyle Planje, as retiring president Stan Vander Hule holds plaque that chamber presented him and gavel for Planje. (Post Photo)

S.F. State Advances Dr. Trapp

Dr. Richard L. Trapp, 75 Midvale Drive, Daly City, has been appointed Chairman of the newly founded department of classics at San Francisco State College.

Dr. Trapp, 42, has been with the college since March, 1965, as an associate professor of foreign languages—classics. The department he will head will offer an undergraduate degree in Classics with courses in Latin, Greek, and classical archaeology.

Recently elected president of the Classical Association of the Pacific States, Dr. Trapp is also national president of Alpha Mu Gamma, a foreign language honorary society.

He attended high school at St. Joseph's College in Mt. View and received his A.B., M.A., and Ph.D. degrees from the University of California in Berkeley, where he was awarded the Benjamin Wall Scholarship and Kofoid Fellowship. From 1942 to 1945, he served in the Army Air Corps in Europe.

He has taught previously at the University of Arizona, University of California at Berkeley, Stanford University, and the University of Southern California. He is also a member and

San Bruno's Police Seek Slim Thief

San Bruno Police are seeking a slim burglar, who struck Friday at the home of Edward J. Borg, 667 Burrows Avenue.

Borg told officers he returned home to find that someone had opened a small door for the gas meter in his garage, and slithered in between the gas pipes.

Missing from the home were fishing equipment and an electric drill, valued by Borg at \$136.50.

held executive positions in the American Philological Association, Philological Association of the Pacific Coast, Stanford Philological Association, American Archaeological Institute, and American Comparative Literature Association, and has written for the "Classical Journal" and the "Classical Bulletin."

Doctor Trapp and his wife, Carol, have four children, Kathleen, 15; Thomas, 13; and Robert and Barbara, both 10.

The department of classics will be one of 54 departments in San Francisco State's seven schools and one of the School of Humanities' eight departments.

Man Jumps Off Cliff At Pacifica

A 27-year-old Eureka man, Robert R. Centeno, jumped off a 150-foot high Pacifica cliff last Saturday, suffering an apparent broken arm and shoulder following an asserted argument with his wife.

Pacifica firemen rescued Centeno—somewhat against his will, they said—almost an hour after being called to the scene, behind the Pacific Manor Shopping Center, at 10:37 a.m.

A police spokesman at Pacifica said Centeno's wife had reported her husband attacked her and jumped off the cliff.

After firemen had used ropes to reach Centeno, a four-wheel drive fire vehicle brought him to safety.

A fire department source said an unidentified Navy corpsman gave first-aid for the man's injuries.

Police said Centeno was taken to San Mateo County Hospital.

FOR ADVERTISING

'Little Red Buses' To Get City Aid

Pacificans appear to be assured of a city-wide bus service this week, as the result of a city council decision to purchase advertising space on the El Mar Transit service operated by John Cushing.

Cushing operates two "little red buses" but has been financially unable to provide full service to the northern areas of Pacifica.

The council's action will allocate \$200 a month for advertising space on the two buses—a legal way of avoiding a direct subsidy to Cushing, which has been declared unlawful by the city attorney.

The council has yet to give formal approval to the arrangement, but at last night's meeting it officially accepted an offer by the chamber of commerce to act as the city's agent in administering the advertising program.

Councilmen further authorized the city staff to enter into an agreement with the chamber, making the decision final, as soon as the contract is reviewed.

The chamber of commerce, which already holds a city con-

tract for advertising, would be responsible for actual preparation of the advertising signs for the buses. The ads are to promote the city in general, and civic events and projects in particular.

Pacifica's three shopping centers have also agreed to support the bus service through advertising, jointly contributing an additional \$200.

With the additional income, Cushing says, he will be able to maintain regular service to all areas of Pacifica. Within a year, he has declared, he expects the added routes to become self-supporting.

Painter Falls, Breaks Foot

Ray Bossi, 39, of 7000 El Camino Real, Colma, broke his left foot last Wednesday in a fall from a sign.

Daly City police, who recorded the casualty, said Bossi was painting a sign at 7201 Mission Street when he fell at 3:13 p.m.

He was taken to Mary's Help Hospital for emergency treatment, then transferred to San Mateo County Hospital.

"MOST VALUABLE SWIMMERS OF THE YEAR" are Debbie More and Kurt Moseley, shown here after being chosen the first pair to have their names inscribed on perpetual Pacifica swim trophy. Award was made at close of 1966 Pacifica Swim Championships held Friday and Saturday at Terra Nova pool. (Post-Times Photo)

Swimmers Set Pacifica Records

A raft of records fell Friday and Saturday, in Pacifica's Swim Championships at the Terra Nova High School pool.

In fact when all the results were tallied up, only six records remained intact.

One reason for the number of new marks is the fact that the meet was expanded this year to include 76 separate events for boys and girls of all age groups.

The meet is sponsored by the Pacifica Lions Club, and conducted by the city Park, Beach and Recreation Department.

Two swimmers won the right to have their names engraved on a perpetual "Most Valuable Swimmer" trophy.

Debbie More, competing in girls' under 14 categories, set new records in winning the 50 and 100-yard breast stroke and the 50-yard butterfly.

Kurt Moseley, in the boys' 14 and under class, set new times for the 50-yard backstroke and the 100-yard freestyle. He also won the 50-yard freestyle, but failed to better last year's record of 31.3, set by Rex Starr. Moseley placed second in the 100-yard breast stroke, and third in the 50-yard breast stroke.

Other winners and their winning times:

City Recreational Program To Be Launched June 20

Daly City Recreation Department's summer plans were announced today by Edward Tomasello, general supervisor. The program will be launched on June 20.

Tomasello's staff also announced that playgrounds in Daly City would be closed Friday and Saturday while preparations for the summer bustle are being made.

The playground closure does not pertain to baseball fields, it was pointed out. Tomasello said that the pro-

gram, "Dreams of Summer Fun," is for children, young people and adults of the Daly City, Broadmoor and Colma areas.

The city of Daly City administers the summer recreation program in conjunction with Bayshore, Brisbane, and Jefferson High and Elementary Districts. In the athletic phase of the summer project, these events will be offered:

Girls' gymnastics, free exercise and apparatus training, with classes at the War Memorial Community Center on

Thursday and Fridays from 10 a.m. to noon, and at Westmoor High Mondays and Tuesdays from 12:15 to 2:15 p.m.

Boxing for boys 9-17, to teach all skills involved in this form of self-defense, offered weekdays, from 10:15-11:15 a.m., in the War Memorial gym, and 11:30-12:30, in the Westmoor High gym.

Knockers Upset By Indians, 5-0

The PAL Indians of the American Division's Midget League played three games last week but only managed one victory.

Their one win was important, as they upset the league-leading BYA Tin Knockers, 5-0.

Gavin Long was the whole story in the Indians' win as he pitched a two-hit shut-out while striking out 13 BYA batters.

Tom Federico led the PAL hitting attack with two hits in four trips.

The Indians were not so fortunate in their next two outings. They fell to the OLM Panthers, 3-0, and the BYA Darts, 5-3. The Panthers were sparked by the one-hit shut-out pitching of Jerry Tonelli, who also bagged a pair of safeties to help his cause.

The Darts were led by the clutch hitting of Frank Bertini who collected four hits in four trips.

ORIOLES WIN—The OLP Orioles squared their season record at seven wins and seven losses, grabbing two victories last week. The Orioles used 16 hits to defeat the OLM Bears, 7-1, then came back to take a squeaker from the BYA Darts, 4-3.

Leading the Orioles in the Bear contest were Peter Martin and Dennis Lufano as each collected three hits. In the Darts game, Jose Naranjo and Peter Martin took hitting honors with two hits apiece. Eddie Whitsett was a Dart standout as he collected a pair of safeties.

KEEP LEAD—The BYA Tin Knockers maintained their two-game lead in the American Division as they knocked off the Weinstein-Flying Goose Sluggers 14-3 behind three-hit pitching of Ed Cereghino and John Stack. Louis Bisjack led the Tin Knockers at the plate with three hits in four trips.

Don Thuener pitched a no-hitter and a one-hitter to lead the Daly City Volkswagen Bugs in two of their three victories last week. The Bugs played red-hot baseball as they defeated the OLP Orioles 11-0, the OLM Bears 5-0, and the Weinstein-Flying Goose Sluggers, 1-0.

BASEBALL's national shrine, the Hall of Fame at Cooperstown is becoming overpopulated, a cheap honor, say the purists, and this writer tends to agree with them.

A quick check of the Hall lists has proven to us that there are probably at least close to a dozen men who have as much right to be so honored as Jimmy Ray Hart has to sit in on an oratorical seminar.

How does "Candy" Cummings, for one, rate? He was a real pioneer in the 1870's, true. But he played for only six years, and while he won 141 games, it was in an era when some pitchers were winning 40 a season.

★ ★ ★

JOHNNY EVERS and Joe Tinker are probably the only men in the history of sport to gain such a high honor on the basis of a popular poem. If they hadn't been immortalized by Franklin P. Adams' verse, they wouldn't have made it. They had long careers and were good glove men, but they batted only .270 and .263, respectively, in a time when .300 hitters were relatively common, and though they were the best DP combo of their day, they never set a doubleplay record of any lasting significance.

Did Rabbit Maranville, a fine fielder but only a .258 hitter, make it because of his record or because some of his screwball antics have become hot stove legends?

A Tom McCarthy hit .294 before the turn of the century, was 0-7 as a pitcher, and he's in the Hall, too.

Relatively undistinguished shortstops seem to be most favored by electors. One Bobby Wallace, who also did a little pitching (25-18) and managing (seventh and eighth place finishes with the Browns) hit a stunning .268, and although he participated for 25 years, until age 45, do his above records and just sticking around warrant a place in the Hall of Fame?

And who ever heard of James O'Rourke?

The irony, though, is that even if justice were done, the Hall would still be overcrowded, because for every man one expert can name who SHOULD'N'T be there, another expert can name one who SHOULD be.

★ ★ ★

CURRENT favorite neglected man of many experts is Red Ruffing, who won 273 games and was one of baseball's greatest hitting pitchers. Quite a few others favor Pepper Martin and Roy Campanella, and we can see their points.

We have two personal favorites for uncrowned Hall of Famers. One is "Slidin'" Billy Hamilton, who played mainly with Philadelphia and Boston in the National League before and slightly after the turn of the century.

He shares with Famer Willie Keeler the eighth highest lifetime batting average of all time (.345), during one period batted better than .390 for three consecutive years, and stole more bases than Ty Cobb.

But our prime favorite for Most Neglected is Lefty O'Doul. O'Doul, at .349, has the all-time highest lifetime batting average.

This means that he outlived the legendary old-time duo of Dan Brouthers and Ed Delahanty, Hamilton, Keeler, Tris Speaker, Ted Williams, Babe Ruth, Jesse Burkett, Harry Heilmann, Billy Terry, George Sisler, and Lou Gehrig, all of whom, except Hamilton, are Hall of Fame members.

O'Doul still holds, with Terry, the National League record for most hits in a season, 254 (only Sisler's AL total of 257 beats him), and twice led the NL in hitting, in 1929 and 1930. With all of this he was a fine outfielder and baserunner.

★ ★ ★

STANDARD argument against O'Doul is that not only didn't he play long enough, at 11 years, but that since four of the years were as a pitcher, and two of the others—his last two—were as a part-time player, he in effect played only five years as a "regular." In a way, this argument tends to illustrate what a tremendous hitter O'Doul was. Throw out his early pitching years and the last couple of seasons when he was washed up, and he hit better than .360 at his peak, which would put him right behind Cobb's all-time .367. But longevity, the experts say, is one of the marks of a true great. Count only the peak years of many men and they'd make the Hall of Fame. Cobb, Ruth, et al, they argue, compiled their records over a number of years, and that's what truly set them apart.

We'll accept the "longevity" theory if the experts will explain Dizzy Dean, a fellow we've chosen to illustrate our point not because he's the lone contradiction, but because he's best known by contemporary fans and because his career in many ways so closely parallels O'Doul's.

Dean was in the majors for 12 seasons, three in which he appeared in one game, and three seasons in which he was in a total of 42 games. Subtract the one-half season he missed when Earl Averill cracked that fateful liner off his foot in the 1937 All Star game, and Dean, like O'Doul, had only five really full seasons in the majors. Like O'Doul, with his .398, 254 hit year, Dean had one truly great year, when in 1934 he became the last pitcher to win 30 games in a season. And like O'Doul, who followed with a near-great .383 season, Dean followed in '35 with a near-great 28 wins.

★ ★ ★

O'DOUL's years were, however, relatively greater than Dean's, because whereas Dean had his great years before his 27th birthday, O'Doul had to transcend a return to the minors as a sore-armed 26-year-old southpaw hurler and a late return at age 31. He had his two great years at ages 32 and 33.

One can only imagine what O'Doul might have done had he started his career as an outfielder, and had had the opportunity to hit regularly in his middle and early 20's!

If potential, what might or could or should have happened, is a criteria for the Hall, then certainly Dean belongs, as does O'Doul, and perhaps dozens of others whose promising careers were cut short by bad breaks, people like Herb Score and Pete Reiser.

ADD AT THE POST VL

But since such people aren't in the Hall, it seems apparent that potential isn't a clear-cut criteria, and if this is so, why Dean? Why not O'Doul?

Few people realize that Hall of Fame members are chosen by baseball writers, and that baseball writers are human, susceptible to influences outside their conscious objectivity.

Probably no other athlete in the history of sport has had more constant public exposure than has had Dean, who, for nearly three generations has been charmingly informing captive radio and TV audiences just how great he really was. This, combined with his necessary cross-country contact with newsmen, and the fact that the balance of voting power and general influence in the Hall still lies in the Midwest and East, and it's not hard to see how baseball writers might have been influenced by enthusiastic fans and by Dean himself.

SET TO TEE OFF in last Thursday's eleventh annual Daly City-Colma Chamber of Commerce Golf Tournament are (left to right) Peter Markovich, executive secretary of the chamber; Jay Modglin, Gene Klinger and Lou Gazzano. The second foursome to tee off in the chilly morning breeze, this group made a good showing, with Markovich and Klinger among the top four scorers. Markovich won the tourney in 1964, was runner-up last year.

RECORD FIELD

Luceti Wins Golf Crown

A record field of 185 players took to the wind-swept greens of the Lake Merced Golf and Country Club Thursday, for the eleventh annual Daly City-Colma Chamber of Commerce Golf Tournament.

When the event was over, the scorecards showed Dr. Ron Luceti the winner with an 18-hole total of 73.

Next in order were Peter Markovich and Dennis Mori with 80's, Gene Klinger with an 81, and G. Frazer and Joe Sarto with 82's.

Low net score among players with handicaps of 12 or less was R. Suhrke, with a 72.

Frank Spadarella shot an 18-handicap 68, to lead those with handicaps of 12 to 32.

Leader in the blind bogey division, for those with no handicap at all, was F. Puccini, with a 71.

High scorer for the tournament was Ron Bates, with 171.

Midget Nines In Daly City League Race

The Hunt's Donuts Bombers blanked the OLPH Falcons 8-0 behind the combined pitching efforts of Pat Twomey and Joe Pap last week to hold their lead in the Daly City Midget League's National Division.

Jim Wyatt and Ed Rankin combined their pitching efforts to hold the PAL Yankees to 3 hits and no runs as they led the Williams Ford Mustangs to a 16-0 shutout victory.

Bob Bernie hit and pitched the Holy Angels Astros to a 5-1 victory over the Yankees.

In the Midget League's Pacific Coast Division, pitchers David Sherwood and Neal Thomas held the Holy Angel Lions to 4 hits and no runs as they led the Dodgers to a 9-0 victory. This was the Dodgers tenth win without a defeat.

The Redsox took over undisputed possession of second place as they defeated the BYA Astros 4-2, and the Holy Angels Lions 12-11.

The Hunt's Donuts Braves started on the comeback trail last week as they knocked off two top-notch teams, falling before the aggressive Braves team were the PAL Giants, 5-3, and the OLPH Cardinals, 13-0.

Jim Woods and Howie Husband pitched the BYA Astros to an 8-4 win over Calvary Cross. The PAL Giants blanked Calvary Cross 4-0 behind the 3-hit pitching of Keith Galleno. The OLPH Bluejays defeated the OLM Rams 10-7.

Eagles Win 2, Lose One

The PAL Eagles won two of their three games last week to hold down second place in the Daly City Junior Baseball League.

The Eagles beat the San Francisco Green Sox in their first game 10-3 behind the combined two-hit pitching of Don Shotts and Dave Bias. Shotts and Dave Pinelli led all Eagle hitters with two hits apiece.

The Eagles were set back by the Hunt's Donuts Broncos 6-1 in their second outing. Dan Fitzgerald pitched a three hitter for the Broncos. Dwayne Mayberry and Kevin Restani each collected a pair of safeties to

lead the Hunt's hitting attack. In their third game the Eagles bumped the BYA Rams 7-4. Ralph Gage and Dave Bias collected hits for the Eagles as did Robbie O'Neill and Russ Federico of the Rams.

Restaurant Use Permit

The San Bruno planning commission last week approved a use permit for a restaurant at 421 El Camino Real. The owner of the new business is R. C. Jasinsky. Commissioners delayed for two weeks a hearing on proposed rezoning of three-quarters of an acre bounded by Skyline Boulevard and College and Susan Drives, which would allow construction of a service station. The commission, concerned that improvement of Skyline in the future might encroach on the property, will reconsider the application at its regular meeting June 20.

Louanne's Datebook

By LOUANNE HEATH

Do you remember the old days when things were comparatively uncomplicated? P-T-A groups met and solved problems which were, by and large, of a local nature, supervising the playground after school, luncheon facilities, class parties, and things of a kindred variety.

All things seem to continually grow more complex in this day and age, and while the P-T-A's across the nation continue to wrestle with the traditional problems there is a constantly increasing awareness of a vast spectrum of mores, situations and circumstances which are influencing America's youth. To help parents know, understand and cope with the situations our children are facing, local units have dramatically increased the areas of attention when planning programs.

Preparing many diverse, interesting and informative sessions for the coming months are the members of the Westmoor Parent-Teachers Association executive board and the unit's chairmen for the 1966-67 term, working under the capable direction of Mrs. Peter Markovich, president.

Mrs. Leo Lewis is the Westmoor group's new vice president and Glen South, honorary vice president; Mrs. Reed Richards, recording secretary; Al Smith, treasurer, Nathan Siegal, auditor; Mrs. Robert Woodworth, historian; Mrs. Robert E. Malone, parliamentarian; and Mrs. Allen Shern, corresponding secretary.

Assisting the board will be Mrs. Ralph Neuhaus and Mrs. Robert McBride, membership; Peter Markovich, budget and finance; Mrs. Frank Greenwood, outside publicity; Mrs. John Arnot, Mrs. Joseph Arch, Mrs. Arthur Reschke, Mrs. Harold aha and Mrs. George Redden, inside publicity; Mrs. Raymond Schnapp, board representative; Mrs. James Parker, Mrs. John Taylor, Mrs. Bruce Russell, Mrs. Charles Poggio, and Mrs. Theo Pravos, ways and means; Mrs. John Ednoff and Mrs. Jack Eichelberger, hospitality; Mrs. Robert Baba, citizenship; Mrs. Thomas West, health and welfare; Mrs. Edward DeMartini, magazines; Mrs. Robert O'Neill, council representative; Margaret Riggs, student activities and welfare; Mrs. Jerry Stringer and Miss Riggs, parent education and family life; Mrs. Raymond Milton, cooperation with colleges; Mrs. Armond Carrara, juvenile protection; Mrs. Anthony Giammona, recreation; Mrs. Edward Plant, exceptional child; Mrs. Stanley Feldman, mass media; Mrs. Warren Vocke, men's participation; Mrs. Leah Fox, legislative chairman.

The executive board of the Ignatian Guild will meet for the first time this evening under the chairmanship of the guild's new president, Mrs. Thomas Calderola.

Mrs. Calderola was installed as the 1966-67 president by the Reverend Dare Morgan, S.J., faculty advisor, at the group's May meeting. Installed with her were Mrs. Jay Avanzion, vice president; Mrs. George Ferrebouef, secretary; Mrs. John O'Brien, treasurer.

According to Mrs. Harold Greer, publicity chairman, the first regular meeting of the new term will be held in October.

The Pacific Branch of the American Fuchsia Society will meet Friday in the multipurpose room of the Public Library on Hilton Way in Pacifica at 8 p.m., according to Mrs. Olive Prentice, corresponding secretary.

A film, New Fuchsias and Begonias, will be shown and the public is, as always, welcome. Also on the agenda is a discussion of plans for the annual Art and Fuchsia festival to be held at the Sanchez Adobe September 10 and 11.

Helen Ahlert, Suzanne and Barry Bignell, Constance and Lynn Buchanan, Betsy Day, Robert Folger, Hermann Leger and Lena Vital were welcomed to the membership of the Art Guild of Pacifica during the regular monthly meeting held on the Cultural room of the Pacifica Library on Monday evening.

Members who are planning to submit entries in the California State Fair Art Exhibit must submit their entry blanks prior to July 3; Robert Southworth, president, has the blanks and copies of the governing rules and regulations.

Mrs. Gladys Oswald was the guest speaker at the recent meeting of the Northern Peninsula Alumnae Chapter of the college of the Holy Names. Mrs. Oswald discussed the role of the Christian women in her church and in the community.

The election of the officers was also held and Mrs. Robert Johnson of Burlingame elected president. Other officers are Mrs. Daniel Flynn of South San Francisco, vice president; Mrs. Milton Goldberg of Daly City, secretary; Mrs. Lewis Brooks of Burlingame and Mrs. James Driscoll, of San Bruno, program chairmen; and Mrs. Robert Renner of San Mateo, publicity chairman.

Mrs. Gail Mahoney and Mrs. Rita Werthener were announced as the co-chairmen of the North Peninsula Circle, Florence Crittenton Home fashion show during a koffee klatch gathering of the circle in the conservatory at the home of Mrs. Jane Doelger. Mrs. Mary O'Neill was named decorations chairman for the fall event, and Mrs. Emily Freedman will be doing the publicity.

Special guests Jean Boiten, executive director of the home, and Mrs. Helene Namschoff were on hand to witness the presentation of a Florence Crittenton pin to retiring circle president Mrs. Mel Bocel. Mrs. Leo Stringer, president, made the award.

Do you have any used but usable clothing, jewelry or bric-a-brac? The circle is seeking such items to supplement the stock in the Still Stylish shop, a small enterprise which is manned by volunteer help to make money for the Crittenton home. Persons wishing to contribute something may do so by calling Mrs. Dorothy Orlich, PL 5-1891.

The unit has welcomed Mrs. Dorothy George, Mrs. Shirley Polonsky, Mrs. Doreen Fraser, Mrs. Lois Parker, Mrs. Shirley Cyelkowitz, Mrs. Norma Washford, Mrs. Rose Savage, Mrs. VI Greenwood, Mrs. Lee Terminello, Mrs. Elizabeth Daniels, Mr. Ann Coltrill and Mrs. Mary Jane Walsh into membership during the past few weeks, according to Mrs. Doris Plant, publicity chairman.

Mrs. Esther Kell has been elected president of Nu Sigma Chapter of the Beta Sigma Phi Sorority and has announced the following officers will be assisting her during the upcoming term. Mrs. Lois Noonan, vice president; Mrs. Dolly Greer, recording secretary; Mrs. Dottie Decker, corresponding secretary; Mrs. Inez Thomas, treasurer, and Mrs. Olga Samuelson, parliamentarian.

The chapter held a "Happy Vacation Time" picnic at Blackberry Farm this past Saturday.

Still floating on cloud 9 is Mrs. Michael Sugrue, who learned that she had won a mink stole last week.

Shocked speechless by a phone call from the Skyline Plaza merchants informing her of her good fortune, she was unaware that her name had been submitted by her husband, and refused to believe that the report was true until reassured by hubby that it was indeed possible.

Betrothed Pastors Relate Plan For Combined Schools

THE ENGAGEMENT of Miss Diana M. Paccagnella, a Columbus School teacher, to Terrance R. Duncan of San Francisco, has been announced by her parents Mr. and Mrs. Charles Paccagnella of San Francisco.

Pastors Clark Robb and Kenneth Hansen of Seacrest Community Church and Westlake Lutheran Church, neighboring congregations in Westlake, are planning a unique venture in the area by planning together the summer Vacation Church School for June 27 through July 1.

As a service to the community and to the respective congregations the facilities, staff, and resources of each church will be combined to provide the best possible program for the children of nursery age, ages three and four, through those in sixth grade, the ministers said.

The school's program, from 9 a.m. to noon, and centered in the theme, "My Saviour and I," will include group activities, worship, singing, study, and creative expression through art projects.

A special visual hour will dramatize the Bible stories. The nursery, kindergarten, and first grade will be held at Seacrest and grades two through six at Westlake.

Each day the morning program will close with a combined worship experience with both pastors participating.

Confirming What Housewives Knew

Spot surveys of retail food prices in 12 cities across the nation have confirmed what every housewife knows—it is costing more and more to feed the family despite a few signs, welcomed by economists, that the fast pace of the economic boom is beginning to show down.

If the food bill seems inordinately higher than a year ago, it's because of the sharp increase in meat prices. Labor Department price averages show in mid-March it cost \$6.22 to buy one pound each of sirloin steak, ground beef, pork chops, ham, bacon and lamb chops.

This compares with \$5.12 for the a jump of 21.5 per cent. Since the survey, some meat prices have gone even higher.

Actually of all food items going into the shopping cart advanced 7 per cent for the year. And while the explanation of livestock shortages has been more or less accepted for the rise in meat prices, larger than average increases in the cost of such staples as bread and "hot" and "cold" cereals have still to be explained.

Yet word comes from the Economic Research Service of the Agriculture Department that food prices that normally go up to a seasonal peak in the next two months may not follow the trend this year. This is because cattle and hog prices this summer are expected to ease and spring vegetable production is far ahead of last year.

In any case, food prices tend to fluctuate with the seasons. The cost of services provided by physicians, dentists, barbers, laundries and transportation companies are another thing. Regardless of the season and no matter what the economy does, the price of services has advanced steadily since World War II.

So, any leveling off or drop in food prices in the coming months is likely to be offset by the mounting cost of hiring the services of others.

The Marquee

Fiasco Of 'Little Pete'

Barbara Bladen

Camp has been defined as something that is so bad, it's good. "Little Pete," which opened last Wednesday at the Wharf Theater, doesn't qualify in that category. In this case, it's so bad, it's bad.

The premiere musical comedy-tragedy—whatever it was (one of its failures was that you never knew if it was funny by choice or accident) is an unqualified disaster, a total fiasco. Half the audience left during intermission. Wisely, I thought. The second half got much worse.

Paul and Frankie Johnson, the authors, are not the sole perpetrators of the fraud. They were equally aided and abetted by director Lee Von Rhau and a cast of incompetents. Either it was the most unprofessional production I've ever witnessed or it was the greatest "put-on" joke of the decade.

"They HAVE to be kidding," sputtered one stunned patron. The S.F. Ballet Guild had the opening night benefit and they are seasoned theater-goers. They even managed to be politely attentive between smothered groans, slumping bodies, incredulous exclamations registering on their surprised looking faces.

"I've just had a most FRIGHTENING experience," one society matron exclaimed to her husband outside the charming little Fisherman's Wharf location.

Would you believe me if I told you there were only three things that were good about it? The setting (a S.F. Barbary Coast bar with several playing areas, without a proscenium or a curtain); the soprano voice of Estrellita Rania (not the acting) and the piano and drum accompaniment of Harry Collis and Bill Maginnis, respectively.

Would you believe they didn't know their lines? Would you believe they were laughing at each other on stage? Would you believe when they made mistakes, they'd apologize and start over? Would you believe it's the worst show I've seen in my entire career?

Take my word. Jack Hill plays the role of a naive, young boob who comes to S.F. to look up his brother and gets involved with liquor, lust and love (in that order) without grace, without taste, without common sense, without voice control, without talent. He should be horsewhipped for irresponsibility and sent packing.

THE WHOLE THING is so ludicrous I'm at a loss to give it a literal review. What can one say about a 240-pound Negro playing a Chinese hatchetman, complete with phoney accent, who schlepps around the stage in an exaggerated mincing step that reminded me of Marcel Marceau imitating an ice skater.

Don Pedro Colley straddles an old-fashioned knife sharpener, the kind with a revolving stone wheel that he peddles with both feet and whistles "Whistle While You Work" as he hones the edge of his hatchet.

Miss Rania as the opium filled Madam Moon has four standard acting gestures. She holds her stomach, she jerks her head, she twitches her mouth and jaw and she runs her fingers through a mass of long, tangled hair. It's all supposed to be derelict and torchy.

Masami Saito only joined the catastrophe a week ago so let's let her off easy. Maybe she can sing. Maybe she can act. Maybe.

George Ede, a local actor of some repute, plays Little Pete, a broker in "human flesh," at a paralyzing pace in a way best described as Charlie Chan Camp. He leers and sing-songs and strikes stereotyped villain poses naseum ad infinitum.

Crocker School

THE CROCKER School is an eight-classroom facility built in 1935, but was expanded in 1956, when multi-use and kindergarten rooms were added. Present-day enrollment is 226 students, kindergarten through third grade. Glenn Forcum is the principal. In addition to the other classes, a special remedial reading section is offered.

Ernest Ribera: The Fifth Jefferson High Principal

By DENIS WADE

JULY FIRST will be an important day for Jefferson High School in Daly City.

On that date, the 44-year-old school will welcome its new principal, Ernest Ribera, who is also, by coincidence, 44.

Ribera, ties to Jefferson go deeper than a common age, however.

He began his career there in 1948, as a teacher of social science and a track coach. Many of those he worked with in his eight years at Jefferson still teach and work there.

FROM JEFFERSON, Ribera went to Westmoor High, where he taught social science and headed that department.

A promotion to dean of boys, then assistant principal at Terra Nova High School followed. In 1962, Ribera was chosen to be the first principal of the new Oceana High School at Jefferson.

He has thus taught at or administered each of the Jefferson Union High School District's four schools.

The new Jefferson principal lives with his wife and eight children at 680 Loma Vista Terrace, in the Sharp Park section of Pacifica.

The family will continue to live in Pacifica, and Ribera's youngsters — the oldest is 13 — will attend Oceana High, without the unique joys and problems of having a principal who is also their dad.

Ribera himself attended George Washington High School in San Francisco, and graduated from San Jose State College with a Bachelor of Arts degree in 1946.

He earned an M.A. from

Stanford University in 1954.

When he returns to Jefferson next month, Ribera will find the school barely recognizable.

A COMPLETE REBUILDING program has left only the cafeteria and home economics departments unaltered, while the gymnasium and shops have been extensively remodeled.

Virtually all else is new. Most of the plant was put into use two years ago, while a new wing was opened just last January.

Containing four standard classrooms, an office, rest rooms, a multi-purpose room and special education facilities.

Sketch Of Personality

ties, the wing was dedicated last month in memory of John Morgan, Jefferson's late principal, who died suddenly April 12.

As Jefferson High School's fifth principal, Ribera will assume not only a new plant, but some old problems.

In 1922, Jefferson had 46 students. Today there are 1,700.

Mirroring the community from which it comes, the Jefferson student body is a cosmopolitan mixture of Caucasians, Negroes, Orientals, Filipinos, Mexican Americans, Central Americans and other minorities.

The school is still touchy about widely publicized fight-

ing which broke out in Mrs. Morgan's 1965, between Negro and white youths.

Morgan worked to ease the tensions, noting the "vast bulk of the kids" at Jefferson get along very well.

One of Ribera's principal tasks will be to insure that the harmony which has been restored is maintained.

Other problems for the new principal are common to Oceana and all of the district's schools — questions of de facto segregation and school boundaries, and growth and student population expansion.

Ribera says he doesn't want to evaluate Jefferson before he goes to work there and has a chance to observe first hand just what his new job involves.

He is aware that it will be no easy task to follow Morgan — a principal so popular that Jefferson students cast more than 4.2 million votes for him this month in a radio-station sponsored "Most Popular Principal" contest, two months after his death.

(Some of those votes, Jefferson students said, were cast by Ribera's students at Oceana, who started too late to win themselves and decided to help Jefferson.)

Morgan, speaking of problems at Jefferson, declared last year that there is no pat answer. "You just have to learn by doing," he said.

RIBERA AGREES with his predecessor's philosophy. "We shouldn't be afraid to try new ideas," he said this week. "I believe that we should be looking for ways to change."

The Conflicting Forces of Life

Samuel Chandler

WHAT HAPPENS when a young African who has been educated in Europe or America goes home to combat the ignorance and the rabble-housing that tears the heart out of a newly independent country?

Imagine the frustrations of a young man who is forced to abandon his career in New York City to run his father's broken business in a rural yet vicious society.

to show through Max, the general, that there is a need in each of us to be recognized for something, even a hair-brained scheme.

"Flowers for Algernon," by Daniel Keyes, tells of Charlie Gordon who lives through comic, sad, and ironic experiences as he emerges from his mental darkness into the world of light and more intelligent people.

WHAT WOULD HAPPEN if an ignorant yet powerful Mexican general decided to recapture Texas after all these years?

What goes on in the mind of a retarded person who must fight a world that despises his mental darkness?

These are among the themes of the novels that have been published in 1966.

The first may be found in "The Janus Lovers," by Miggs Pomeroy. It's a story of conflicting forces in the life of a patriot. Before the story ends its hero is forced to rationalize love, friendship, patriotism, philosophy, while facing the violence that is always just below the surface.

THE STORY of a young man's homecoming is found in Thomas B. Morgan's "This Blessed Shore." Although its primary theme is the love of a son for his father, it draws a picture of the tension that builds in a young man who is immobilized in a career that he does not want in a place that he does not like.

The story about the general who captures the Alamo is "Viva Max," by James Lehrer. It is funny and satirical with one or two serious overtones. The author says he was trying

EACH OF THESE stories adds substance to the list of novels that are being published in 1966. On that list are many trashy things. Especially the huge number that border on pornography. I for one am tired of what the critic, Marvin Mudrick, calls the Pornographic Convention. I think the writer who throws in some descriptive sex in hopes that his book will sell or in an attempt to cover up the defects of his book is dishonest indeed.

Only one person is more despicable than he, that's the writer who is so deluded he fancies that the nasty things he puts in his book places him in the school of Durrell, D. H. Lawrence and Henry Miller.

Together with their publishers such authors give literature a black eye that it does not deserve.

RIGHT NOW there is a great need for literature to give society pictures of its tensions and its frustrations, of its accomplishments and its dreams.

Let us hope that writers with talent like those exhibited in "The Janus Lovers," "This Blessed Shore," "Viva Max" and "Flowers for Algernon" will fill that need.

Better Business

Correspondence School Choice

Lorene Beasley

ARMIES of young people are graduating this month into a troubled, complex world.

As a result of the technological changes which have been taking place at a pace never before witnessed by any generation, the demands and challenges made on today's graduate are greater, and much more serious, many of them not existing a comparatively short time ago.

Such demands in science and other skills have resulted in the mushrooming of hundreds of "correspondence" type schools which vary greatly in their general purpose, quality of curriculum and facilities and their professional approach to their students.

MANY of the complaints received by Better Business Bureau concern the new, closely specialized schools which offer with their home study course, a short "terminal training" period on the job.

These schools specializing in one or two related subjects, such as data computer serving, motel management, highway vehicle operation, airline personnel, operation of heavy equipment, have a particular appeal for those already working but who are eager to find a new occupation with better pay and benefits.

Some of these specialized schools do not hesitate to employ salesmen who are not above using high-pressure methods to sell their home study courses to graduates from high schools and colleges or to take advantage of a prospect's dissatisfaction with his present work.

FOR the high school graduate interested in extending his education through home study courses while he works, there are many fine schools with excellent approaches to their students. There are the "old line" schools who have through the years established reputations for teaching a wide variety of subjects.

Many a prominent man today owes his success to the education he received through such correspondence courses.

The prospective high school graduate will find it easier to avoid mistakes by talking with former teachers and to those who are familiar with his capacities.

For the prospect already working who is attracted to taking a home study course, the first step should be a thorough check-up of the job opportunities in the field he wants to enter.

HE CAN consult companies offering this kind of work, labor organization personnel and others who are acquainted with the field. Failure to do this can result in his finishing a course worse off than he was before.

For the person who hopefully signs up in civil service preparation schools, there is no "civil service" school who can qualify anyone for "guaranteed" Federal employment.

Exciting Saturday For Race Fans

Bob Foster

The popular ABC "Wide World of Sports" plans an exciting Saturday afternoon. Unlike most of the shows in this series the whole thing will be live and will originate in San Francisco and Le Mans, France.

The 34th Annual Le Mans Grand Prix will be seen by American television viewers live when ABC uses the Early Bird Satellite to bring us the seventh hour of the famous race. This telecast will start following the final round of the U.S. Open golf tournament from San Francisco.

This year, for the first time, an American automobile has a chance of winning the Le Mans race.

THE MAN WHO CREATED and guided "Bonanza" to number one on the rating lists not only in the U.S. but around the world is at it again.

David Dortort, producer of "Bonanza," is currently engaged in producing a two-part action-adventure story entitled "High Chaparral."

Leif Erickson and Cameron Mitchell have been cast as co-stars with Linda Cristal, Mark Salde and Henry Darrow as supporting actors.

The show, which may develop into a regular series, tells the story of efforts to establish homes in Arizona in the 1870 in spite of militant opposition from the Apache tribe under the leadership of Cochise and Geronimo.

It is obvious that Dortort is pretty

sold on his "Bonanza" format. The new series will have much about it that resembles the famous Sunday night show.

SOME 500 BRITISH television fans were ushered into a vast television studio at Wembley recently to watch the taping of a brand new show.

Suddenly the enormous set in the studio blazed with thousands of light bulbs spelling out the word "Hippodrome."

"Hippodrome" it turns out is a circus-variety show being produced in England by Red Skelton's company, Van Bernard Productions to replace Red's show on CBS (KPIX) starting Tuesday night July 5.

Right now nine shows are currently taping at the big Wembley studios in the first Anglo-American co-operative efforts in producing a variety show for the world market.

Jack Carter, Allan Sherman and Trini Lopez are the Americans to be seen while a host of top British and continental acts have been signed.

In order to avoid a serious language problem most of the acts will be of a circus type which usually appeals to the young.

The new series being done in color will run until Red returns to the air in the fall. If the show has as much appeal as the producer feels it will, it may well become a replacement show later in the season.

Weary Feet Rested

GIVING THEIR weary feet a rest are volunteers of the Daly City unit of the American Cancer Society, whose door-to-door efforts during April resulted in donations of \$4,300—well over Daly City's \$3,650 quota. Some 500 volunteers participated. Pictured from left are Mrs. Louis Guisti, Mrs. Ann Eason, Mrs. Max Wahl and Mrs. Leo Menard.

Sugar... 'n' Spice

By NELL NORTON

SUMMER is here. If the calendar didn't tell me, the fog blowing past my windows would surely tell me. Summer, the damp and foggy Westlake summer is here.

Summer makes us think of picnics with all sorts of delicious foods eaten in the warm sunshine. On a nice day we pack up the picnic basket, gather up the family and take off for the sun. On rare days we even have the picnic in our own backyards, but usually we have to go look for the sunshine. But suppose you don't have time to go look for the right kind of weather. What then? Easy, we have our picnic indoors and I have just the menu for it.

HOT POTATO SALAD WITH FRANKFURTERS

- 8 medium potatoes (5 cups diced)
- 1 1/2 teas. salt
- 1/4 teas. pepper
- 2 teas. sugar
- 1/2 teas. celery seed
- 5 strips bacon
- 1/2 cup chopped onion
- 2 hard cooked eggs
- 1/2 cup vinegar
- 1/4 cup water
- 8 frankfurters

Cook potatoes in skins until nearly tender. Peel and dice. Over the potatoes sprinkle a mixture of the salt, pepper, sugar and celery seed.

Dice bacon and fry until crisp. Remove and cook the onion in bacon fat until tender.

Add bacon, onions, and one chopped hard-cooked egg to the potatoes; mix carefully. Add vinegar and water to the bacon fat in the skillet, and heat.

Pour hot liquid over potatoes, then reheat over a low burner or in a moderate oven. Meanwhile heat wieners in simmering water for about 8 minutes.

Serve in individual casseroles (Or in one large one) topped with hot frankfurters. Garnish with parsley and slices of hard-cooked egg.

THIS DISH would go nicely with carrot and raisin salad; with brownies and sherbet for dessert.

I hope you have saved the brownie recipe that I had in earlier in the year. But in case you haven't I'll include it here because it makes the best brownies I've ever tasted.

BARBARA'S BROWNIES

- 1 cup flour
- 1/2 teaspoon salt
- 1 cup cocoa
- 1 cup shortening
- 2 cups sugar
- 4 eggs, well beaten
- 2 teaspoons vanilla
- 2 cups coarsely chopped nuts...

Sift flour, measure and sift again with salt. Melt shortening and cocoa in a large saucepan, add sugar and beat well. Next add the well-beaten eggs and mix. Blend in the flour and salt, and mix thoroughly.

Lastly add vanilla and nut meats. Spread in greased 8-inch square pans and bake in slow oven (325-degrees) for 30 minutes. This makes 48 large brownies.

SPEAKING of cookies, I want to pass on a recipe that I tried and think is terrific. I had a party recently and had these along with three other varieties of cookies. These meringues disappeared first, which indicates my guests thought they were mighty good too.

This recipe comes from the cookbook, "Some's in the Kitchen," put out by the ladies of Our Lady of Mercy Church in Westlake. This particular recipe was contributed by Mrs. Rose Fraher and is just one of many wonderful recipes in the book.

FORGOTTEN MERINGUES

(They bake while you sleep—makes approximately 72)

- 4 egg whites
- 1/4 teas. salt
- 1/4 teas. cream of tartar
- 1 1/2 cups sugar
- 1 teas. vanilla
- 2 small or 1 large package semi-sweet chocolate bits

Heat the oven to 400-degrees. Beat the egg whites until foamy and add the salt and cream of tartar. Beat until stiff and then add the sugar, one tablespoon at a time, beating well as you add. The whites will be very stiff. Fold in vanilla and chocolate bits.

Drop from teaspoon onto heavy brown paper (paper bags, cut open, work out well). Lay on oven racks. (Note: remove the racks from the oven before you heat it.) Put racks into oven, close door, turn off oven. IMPORTANT—DON'T PEEK! Let stand over night in oven.

OPPS DEPARTMENT. Last week's column had an error we'd like to correct. The Zucchini Frittata calls for 1/4-cup of parmesan cheese. If you made it up using one-half cup, you had a cheesy-er dish than I intended.

Bruises For 2 Officers

Two San Bruno policemen picked up a few bruises in answering a routine family dispute complaint.

Police Lt. Fred Wootan said 41-year-old Robert L. Bybee, of 1730 Santa Lucia Avenue, was "a little belligerent" when Sgt. Fred Gillen and Patrolman John Murray arrived in answer to a call at 1:10 a.m. from Mrs. Bybee. Outside the Bybee home, Lt. Wootan explained, Bybee is alleged to have struck Officer Murray on the shoulder and kicked Sgt. Gillen on the leg.

Bybee finally was restrained and handcuffed by the policemen and taken to police headquarters, where he was booked on a charge of assaulting a police officer.

Bethlehem Lutherans Lose Pastor

At a recent meeting of Bethlehem Lutheran Church (Fairmont) the Rev. George S. Johnson submitted his resignation as pastor, effective August 15.

The Reverend Johnson plans to take a year of graduate study at Luther Theological Seminary in St. Paul, Minn. He and his wife and three children have been with Bethlehem since its beginning four years ago when they first met in the Pacific Heights school.

At a meeting of the Bethlehem congregation on last Monday it was decided to call the Rev. M. Douglas Swendsen of New Jersey, asking him to be the new pastor. Pastor Swendsen is doing graduate study at Princeton and has served 14

The Vote At School Was Different!

The younger generation at Crestmoor High School in San Bruno doesn't quite agree with its elders about who should have won June 7 balloting.

Students at the school conducted their own primary in advance of the real one. The results:

Students who registered as Democrats chose Edward Keating over Mark Sullivan 280 to 109 for congressional candidate. In the real county vote, Sullivan beat Keating.

Unification was defeated 399 to 240, a smaller margin of defeat than in the real ballot. Republican students chose Reagan over Christopher 157 to 144, reversing the county vote in the governor race. Democrats gave Brown a greater margin over Yorty—251 to 91—than in the county vote.

The students picked Braden over Anderson for lieutenant governor, Wagner over Jordon and Sweeney over Schlei for secretary of state, all choices that differed with the county vote.

American Savings and Loan Association will present a \$100 scholarship award to Timothy Herbert of Westmoor High School, in co-operation with the California Savings and Loan League. The award was announced by R. Mike Brubaker, manager of the Westlake branch of American Savings.

A special medallion was presented to young Herbert at a banquet held at the Fairmont Hotel in San Francisco. Timothy Herbert, who plans to attend the Air Force Academy next fall, does outstanding work both in the science laboratory and on the athletic field. He was named the outstanding senior science student in the Academic Hall of Fame for the 1966 school year. He has received further awards in chemistry and engineering. He is also a letterman in football, baseball, and tennis.

The Outstanding Student Award is presented each year by members of the California Savings and Loan League. The students are selected by the awards committee of their high school in consideration of academic achievement and contribution to the school.

D.C.'s Street Resurfacing Program Completed Today

Daly City's current street resurfacing program will be completed by today, according to the estimate of City Engineer Arthur Reschke.

The project involved a dozen streets in the Westlake area.

The work has been done by the Bay Slurry Seal Company of San Mateo, using a process which revitalizes the old asphalt surface.

Some residents, according to city officials, have ignored

signs and driven on the resurfaced streets before the pavement has had a chance to "cure," causing tracks which will remain for many years until the streets are paved again.

Reschke thanked those who have co-operated with the project, which was explained to each resident of the affected streets 48 hours in advance in a letter sent by the engineer.

Cost of the project — \$5,672.90, or about 1.42 cents per

square foot — will come entirely from gasoline tax funds, with no direct cost to Daly City residents, Reschke said.

Bruno Driver Breaks Foot

A San Bruno motorist suffered a broken foot and abrasions of the nose June 7, when her station wagon collided with another wagon at the intersection of Cedar and Park Avenues in San Bruno.

Phyllis M. Whitener, 643 Pepper Drive, was treated at Kaiser Hospital in South San Francisco and San Francisco, then released.

Officers said a station wagon driven by 32-year-old Joseph M. Blundell, 711 Cedar Avenue, collided with the rear of Mrs. Whitener's car, sending it out of control.

Before she was able to stop, police said, Mrs. Whitener had struck a parked car, spinning it completely around, driven across the walk and lawn and crashed into the home of George H. Siemon at 1756 Park Avenue, shattering the stucco wall, bursting a water pipe, and mowing down shrubs.

Officers issued no citations, pending investigation of the accident.

Burglary Suspects Nabbed By Officer

An alert San Bruno police officer captured two burglary suspects early Thursday morning, after he observed them running from around the side of a building.

Patrolman Frank Young was driving along El Camino Real at about 2:30 a.m., when he spotted the youthful pair. He stopped his car, chased them on foot, and caught them in the parking lot of the Mills Park shopping center.

In their possession, the officer said, were gloves which they were unable to explain. After

questioning the two, police found another youth and two young girls hiding in a nearby alley.

Young then searched the area, and, after climbing a rear fence at C and S Rentals, 732 El Camino Real, found that a rear door had been pried open.

The original two suspects — 18-year-old Melvin Sanders of San Francisco and a 15-year-old San Bruno boy — were charged with burglarizing the establishment.

The other three were released, pending further investigation of the case.

Painter and Designer to Have Show

This month the work of Maurice Shenfil, a San Francisco painter and furniture designer, may be seen in the Westlake branch of the Daly City Public Library.

The show consists of 30 paintings from the artist's San Francisco period which extends from 1952. Prior to that Shenfil painted in both Europe and Asia. He was born in Siberia in Russia and studied with an imprisoned painter named Fritz Krauss. In 1919 he went around the world working in China, India, and Egypt. His trip ended in an art school in Jerusalem where he studied with Professor Boris Shatz.

Early in the 20th Century, Shenfil studied art in Vienna and Paris. Soon his design for modern furniture and rugs became well known in the Near East.

In 1940, he came to the United States to display his designs in Los Angeles and other cities.

Road Budget Is Approved

A \$6,158,000 county road budget for 1966-67 has been approved by the County Board of Supervisors.

The proposed spending program was approved as submitted by County Engineer Don S. Wilson and recommended by County Manager E. R. Stallings.

The budget includes \$3,521,000 for construction of roads and bridges, \$221,000 for contributions to cities for use on projects in the city-county highway system, \$695,000 for maintenance of roads and bridges, and \$330,000 for engineering and administration.

Among the larger projects planned for the year:

Westborough Boulevard extension — Construction of a four-lane road from Junipero Serra Boulevard to the city limits of South San Francisco — \$1,608,000.

San Pedro Road — County's portion of assessment project to improve road between Junipero Serra Boulevard and Mission Road — \$244,000.

"DENTAL HEALTH FACTS"

"Cavities"

There are millions of bacteria in your mouth. Some are quite harmful because they act on sugars and other carbohydrates to form acids. These acids dissolve the enamel of the teeth. That is the beginning of tooth decay.

Unless decay is stopped by a dentist, who removes the decayed portion of the tooth and puts in a filling, decay proceeds from the enamel into the dentin and then into the pulp. Once the pulp has been infected, it may be too late to save the tooth.

Have your dentist check your teeth and take care of any cavities that may be present.

Dr. Campbell limits his practice to the making of dental plates, partial plates, removable bridges and extractions for some; however, he recommends that you see your dentist at least twice a year in order to help prolong the use of your natural teeth as even the beautiful modern dentures are not as efficient as healthy, natural teeth.

Four D.C. Students To Participate In Summer Event

Nations Incorporated, a three-week program, is a "living experience" in which four students from Westmoor High School in Daly City will participate this summer.

Applications have been accepted from sophomore Betty Hodgskiss, daughter of Mr. and Mrs. J. E. Hodgskiss of 138 Santa Paula and from juniors Debbie Karres, daughter of Mr. and Mrs. Edward Karres of 92 Woodland Avenue, Cheryl Kern, daughter of Mr. and Mrs. Russell L. Kern of 415 Northaven, and Bob Bjorkquist, son of Mr. and Mrs. J. Bjorkquist of 1807 Louvaine Drive.

Nations purpose is to instruct the American youth in the customs and cultures of the newly-emerging nations of Africa, Asia, Latin America, and the Middle East.

By so doing Nations Incorporated hopes to exchange reasoned opinion for bias, fresh insight for outmoded solutions and to promote the value of the individual in his constant search for liberty and freedom.

Another purpose, though, is also housed under the roof of Nations. Not only is it intended for the American youth, who are participating in the pro-

Jr. Teens Plan Trip

The Junior Teen Clubs of the Daly City Recreation Department will hold their first city-wide summer activity on June 25, a trip to the Marin Town and Country Club.

The Know Names, Telstars and Roof Raisers leave from Westmoor Park, while the Bovines, Casualiers and Imperials leave from the War Memorial Building. Buses will pick up youngsters at those two sites at 10 a.m., returning by 4:30 p.m.

The \$1.50 charge for club members, (\$2 for guests) includes transportation, admission to Marin and insurance. Youngsters planning to go on this trip are reminded that a 50 cent deposit and permission slip must be turned in by June 21.

gram, to learn, but also for the faculty who will be instructing. The teachers come from Africa, Asia, Latin America, and the Middle East. Through their experiences at the Summer Workshop of Nations it is hoped the instructors will gain a true and realistic view of America by direct communication with American youth.

In past years Westmoor has sent only two students to Nations, but this year four are able to go. More Westmoor students are able to go because the Student Body gave \$300 to help finance the program, and the Freshman and Sophomore classes gave \$25 each, while the Juniors gave \$50.

Alvin Wolf, history teacher and group advisor, said, "The Student Body and the three classes that contributed money are to be commended for their generosity in donating to a very worthy project."

Baccalaureate Breakfast For Graduates Set

This is the fifth annual time for this gathering as sponsored by the Daly City Ministerial Association.

The Rev. Hansel Stemberge, ministerial president and pastor of the Community Baptist Church of Westlake, will conduct the worship service which follows the breakfast.

Youth expected to attend will be from the Presbyterian, Baptist, Methodist, Lutheran, Evangelical United Brethren, Nazarene and Episcopal Churches of Daly City with the majority graduating from Jefferson and Westmoor High Schools.

Terra Nova Future Business Leaders Speak to Future Business Teachers

The tables were turned when Terra Nova recently spoke to future business teachers at the home of Dr. Joseph DeBrum in San Mateo. The future business teachers are Doctor DeBrum, students at San Francisco State College.

The F.B.L.A. executive board gave some valuable insights into the activities and purposes of the F.B.L.A. Club at Terra Nova. This is the second time

that the F.B.L.A. Executive Board and their sponsors have been to Dr. DeBrum's to put on a program pertaining to F.B.L.A. The first time was such a success that the group was invited back again.

Besides the future business teachers learning about an active business club, the high school students had a chance to talk to the future teachers and decide if a career in teaching is for them.

The F.B.L.A. members have elected new officers to the ex-

ecutive board, installed by old officers in a candle-lit ceremony.

New officers are: President, Mary Ann Wals; vice-president, Patti Schuyler; recording secretary, Ali Shultz; corresponding secretary, Donna Johnson; treasurer, Eric Butler; reporter, Bet Wisell; activity manager, Carolyn Pierce; historians, Markie and Carol Sitts.

After the installation, the F.B.L.A. members had a barbecue and pot-luck dinner.

RAYME LICHTENBERG 'Most Valuable' Student' Award

"Most Valuable Student" is the title presented to senior Rayme Lichtenberg of Westmoor High, along with a \$900 scholarship, by the National Elks Foundation Trustees under a program of scholarship awards on a national basis for most valuable students.

To make it possible for many superior students to continue their education in any field, the Foundation awards scholarships ranging from \$1,500 to \$700.

Following the footsteps of Sherry Rosen, 1964 WHS graduate now at Stanford University, who received the same coveted title, Rayme's award was based on scholarship, citizenship, personality, leadership, and perseverance. Her resourcefulness, patriotism, general worthiness, and financial need were taken into account also, as she competed with students from all over the nation.

First in the class of 1966, valedictorian Rayme, daughter of Mr. and Mrs. Remy B. Lichtenberg of 1831 Louvaine, Colma, has a perfect record of A's.

To add to her scholastic achievement, she has received a Bank of America certificate as outstanding English student, and was a recent recipient of a local Rotary Club Scholarship. As a C.S.F. life member, Rayme also received a C.S.F. book scholarship which she will use at San Francisco State College this fall to begin studies in the field of home economics. In addition, she was selected outstanding Chemistry student in her junior year.

However, Rayme has proven

herself not only a scholar but a leader and an active participant in school and community affairs. The past year found her co-editor of the WHS yearbook, "The Rambler," as well as member of the Junior Statesman Club and participant in the Model United Nations program. International Friendship Club, Future Teacher's Club and G.A.A. also counted among Rayme's extracurricular activities. In the community, Rayme has been active in her church as a member of Broadmoor Presbyterian, and received the DAR Good Citizen Award.

Rayme began the task of compiling the necessary data for the award at the beginning of this year.

Her application was bound together with exhibits and letters, including her photograph, a statement in her own handwriting summarizing her activities, accomplishments, and objectives for further education. A letter stating her financial need, a complete transcript of school credits, grade average and rank in class, and a letter of recommendation by a school official were included.

Teacher Loses \$80 to Thief

The home of an El Camino High School teacher was the target of burglars last week, while she was at school.

Margaret Purcell, 105 Arroyo Drive, reported to police that \$80 in cash, as well as miscellaneous jewelry, was taken in the daylight burglary.

D.C. Student is Selected for Kansas Project

Gisa Mei Jul, 23 Partridge Lane, Daly City, is one of 100 high-ability secondary school students from 27 states selected to participate in a summer science training program June 19-July 30 at the University of Kansas.

The training program, supported by the National Science Foundation and affiliated with the Midwestern Music and Art Camp at Kansas includes one week in a survey of eight scientific areas. Then each student will select two areas for concentrated study for the remaining five weeks.

Terra Nova Topics

With a week of exhausting semester finals behind them, TN students are looking forward to their release tomorrow.

School will be dismissed for summer vacation after the student body sees the seniors graduate in a practice ceremony.

THE CLASS of '66 will graduate officially the following Friday night, after which they will attend their last class get-together, the senior all-night party.

The Tiger Tales staff will put out the annual 8-page Senior edition, as the last issue of the year.

As always, this last week of school is characterized by yearbook-signing and address-exchanging mingled with the nostalgic tears from graduating seniors reliving their high school years.

D.C. Police Hold Boy, 11, For Burglary

Daly City police Friday night arrested an 11-year-old boy, and charged him with twice burglarizing the same house.

The youth has admitted, officers said, that he entered the home of Howard Elselder, 95 Mar Vista Drive, on May 31.

At that time two transistor radios were taken, although police said the theft was not reported and the radios were returned to the owner. The youth had entered the home through an unlocked door.

Friday night, Elselder's home was burglarized again.

The thief, who climbed through a broken rear window, took an undetermined amount of cash, jewelry and liquor.

Officers immediately picked up the boy, who denied any connection with the new burglary.

He was turned over to juvenile authorities and booked at Hillcrest juvenile hall.

KENNETH R. LA BELLA of 231 Manor Drive, Pacifica, has joined three brothers in the ranks of the U.S. Navy. He has been assigned to the U.S.S. Ticonderoga with San Diego as his home port. One of the brothers, Michael McGee, is now aboard the Ticonderoga.

Minor Hurts In Junipero Serra Crash

A Belmont family was trapped briefly in their automobile Saturday, after a three-car accident on Junipero Serra Boulevard at Arroyo Drive in South San Francisco.

Thomas Hensley, 23, a Belmont police officer, and his 22-year-old wife Nancy and year-and-a-half old son Timothy were all treated for minor injuries at Peninsula Hospital.

Officers said the doors on their compact sedan were jammed shut when it was hit in the rear by another car, and pushed into a third auto.

The first car, driven by Michael Morena, a bartender of 250 Palm Avenue, San Bruno, had stopped to let a group of children cross the highway.

Police said Hensley's car was also stopped when it was hit by one driven by Frank Billa, also a bartender, of 130 Daley Court, San Bruno.

Morena was treated by his own physician. Billa was not injured. No citations were issued pending investigation of the accident.

Several Cars Broken Into

Several Daly City apartment dwellers reported to police Friday that their cars had been broken into overnight, while the autos were parked in the apartment carports.

Four of the reported incidents occurred in one block of Poncetta Drive in Westlake.

Kenneth Sale, 55 Poncetta, reported the loss of a Roliflex camera and brief case; Philip Bentivegna, 25 Poncetta, told police a portable radio and brief case were taken from his car; the only one which was unlocked; Thomas Kost, also of 25 Poncetta, said a sample case and two bow making machines were stolen; and Dorothy Stagnaro, 40 Poncetta, reported the loss of a stereo player and tapes valued at \$150.

Windows Broken

Over 100 windows were broken over last weekend by vandals who threw rocks at greenhouses owned by Emil Giacchino, 148 Station Street, and Richard Schenone, 355 Pierce Street, Daly City.

Giacchino reported to Daly City police that 40 to 60 panes were smashed Sunday in his hothouses at the west side of his residence, between 1 p.m. and 9:45 p.m., causing an estimated \$150 damage.

Ring Stolen From Store

Daly City police said two women posed as potential customers, diverted the attention of a clerk and left with a man's diamond ring from Westlake Jewellers of 329 Mayfair Avenue at 12:30 p.m., June 7.

The women, described as in their early twenties, fled in a waiting car, driven by a man.

Police explained that one of the women looked at the ring of yellow metal with platinum top and diamond center, which was in a front showcase on the west side of the store, while the other suspect attempted to divert clerk Lina Papes' attention. The store, police reports stated, valued the ring at \$395.

Maria Henrietta Arguello became the bride of Richard Bruce Krueger in an afternoon ceremony June 4 in the Our Lady of Perpetual Help Catholic Church, with Rev. John Sullivan officiating.

The bride, given away by Tony Arguello, wore a long white gown of peu de soi and carried a bouquet of white roses.

Maid of honor Lygia Arguello and the other bride's attendants, Beverly Rosales, Josie Devlin and Jean Fode, wore long pink empire formals. They carried baby roses.

Best man was Bill Krueger, with Richard Rosales, Patrick Sweeney and Byron Gross the ushers.

A reception in Latvian Hall followed the ceremony. The new Mrs. Krueger is the daughter of Mrs. Elba Arguello of 326 Irvington Street, Daly City. She attended Notre Dame High School.

In celebration of the holiday of Shavuot, Mrs. Joan Klein's Temple Judea "Dancing Juniors" were honored with an invitation to perform at the Be-brew Home for the Aged.

The dancers were Debbie Steinberg, Jeff Wohl, Judy Kapkin, Ron Aronovsky, Carol Belotz, Danny Mihalovich, Judy Colvin, Joel Weiner, Beverly Dutton, and Peter Storm.

After dinner the group performed six dances, which were thoroughly enjoyed by the elders. The group was asked to return soon with a longer program.

How to succeed in business by really trying

Ford sales are at an all-time high.
During May Ford outsold all other car makes!

The word is spreading—fast—that Ford Division is building the best cars it has ever built. And it's true. Never have Ford cars been so good—never have Ford sales been so high.

People discovered our 1966 Ford was the strongest Ford ever built. A strong car, well-engineered, is a quiet car—and the '66 Ford has a ride that is quieter even than some of Europe's most expensive hand-built luxury cars.

Over a million people have already bought Mustangs. This rare blend of sports-car excitement and solid value is the most popular new car in history... and right now it's the world's best-selling hardtop and convertible.

Wagon buyers are excited about our Magic Doorgate—the greatest step forward in wagon convenience in years. It opens out like a door for people and swings down like a tailgate for cargo. It's standard equipment on all Ford and Fairlane wagons.

Car shoppers discovered a whole new range of comforts and conveniences. The '66 Ford offers power front disc brakes, a Stereo-Sonic Tape System, America's largest V-8 to perform on regular fuel, Silent-Flo Ventilation that keeps air fresh with all windows closed, and a new Safety/Convenience Control Panel that lets

you lock all doors with one switch, has lights to warn if fuel's low or a door's ajar, reminds you to fasten seat belts.

A whole new group of sports-minded car buyers has come over to Fairlane. We've redesigned it completely with 30 new models, including GT's, sports-luxury XL's, convertibles, Squire wagons, and an exciting new Sport Shift Cruise-O-Matic Drive (on GT/A models) that gives you the ease of an automatic—or lets you shift manually for the fun of it.

People everywhere are finding out just how much extra value we've built into today's Ford cars—extra value that's the reason why Ford sales have soared to an all-time high.

And that's why Ford Dealers... leading from strength... are now offering you the best deals ever. There are specially equipped, specially priced Fords, Fairlanes and Mustangs, and special values on all our cars—across the whole line. See them soon.

Dine, Dance and Enjoy British Art Treasures

ONE OF AMERICA'S most spectacular restaurants, the 'APPY KNIGHT, has opened right here in San Mateo on 31st Avenue at Hillsdale Shopping Center. Formerly the Red Lion, the lavishly appointed, English-style restaurant is another in the growing list of fine dining emporiums operated by Frank Martinelli, Jr. Everything is new. A new chef has installed a completely new and delightful menu. Dancing is now a feature every Friday and Saturday, beginning at 9 p.m. "Get back in the swing with jazz music." Imagine walking into a happy blend of Westminster Abbey and an exclusive men's club in London. Walnut paneling, stained glass windows, plus red carpeting, massive leather chairs and a fortune in registered antiques from merrie ol' England distinguish the handsome showplace. British art treasures, all authentic, include original paintings of Lord Nelson and Queen Elizabeth. Many art objects date back to 1690. The 'appy Knight is open daily except Sunday for luncheon and dinner. Other fine Martinelli restaurants are his Steak Pits in Millbrae and at the Hillsdale Inn.

IT'S NOT ENOUGH that Gary Long, bandleader at Fred and Jerry Rapp's Holiday Inn in South San Francisco, is an accomplished pianist, singer, composer, conductor, and arranger, but now we find out that Gary also plays the guitar. Gary bought one of those expensive, new electric jobs, last week, and now entertains the diners during intermissions with requests—from all the latest hit records... Human interest story at the Balkan Village, Los Altos: Pretty Judy Pantages of Mountain View, who recently celebrated her eighteenth birthday at the restaurant, fell in love with the Greek bouzouki music. Shortly later, she suffered a broken back in an accident. The musicians have recorded special tapes of their music which she enjoys via the tape recorder loaned to her by Owner Louie Gundunas. Doctors and nurses say the courageous young girl is so cheered by the music that her recovery at the Palo Alto-Stanford Hospital is being considerably speeded.

ON YOUR NEXT VISIT to Dave Rasmussen's Shadows in San Mateo, try chef Bill Mills' Sauerbraten Kartoffel Pfannkuchen (pickled beef roast with potato pancakes). Located on Second Avenue in the heart of town, the Shadows is open daily for luncheon and dinner... The anti-tension sanatorium at Prime Rib Inn has become a favorite spot for electronics execs to unwind after a hard day at the computer. Delicious hors d'oeuvres, potent martinis and gorgeous cocktail waitresses put cares of the day out in limbo... At Rudolfo's restaurant in Palo Alto, you'll find a gracious atmosphere keyed to the whole family's enjoyment. Owned by the well-known Alfinio brothers, Art, Harry, George, Rudy and Al the plush dining spot offers an excellent dinner fare. Stop in soon and discover why Rudolfo's is "the place" to take the whole family... Del Vecchio's, popular Broadway San Francisco restaurant, is top choice with many groups for luncheon or dinner meetings or parties in private dining rooms.

FOLLOWING THE SUCCESSFUL ENGAGEMENT of singing comedians, Homer & Jethro, Bimbo's 365 Theater Restaurant now presents the Xavier Cugat International Revue. The roster is impressive to say the least: Juan Manuel, a marimba expert; Margie Ravel and Hector San Juan, about as dazzling a dance team as one could ever hope to see; banjo star Jack del Rio; a blonde bundle from Seville named, simply, Charo, who sports gold boots and zipped up in tight tuxedo-type gold trousers, topped by a loose gold spangled blouse—a sight to behold as she sings, dances and plays the guitar; and last, but certainly not least, there is the music maestro himself—Cugat... If the new fad dances don't grab you, try Bill Smith's El Rancho Palo Alto. The Saturdays concentrate on pops and swing, with tangos, cha-chas, waltzes and other favorites of the adult group. Paul Brown leads the lively group, who entertain nightly on the large dance floor.

New Tivoli's 54th Birthday

Nick Finocchio is celebrating the fifty-fourth anniversary of his popular North Beach New Tivoli restaurant. Nick recalls that in the old days, "Meet me at the Tivoli" was a common expression, for this was a favorite gathering spot for people from all parts of the city. It's still a popular meeting place for folks to enjoy delicious seven-course Italian dinners.

Dino's Waiter Hollywood Material

You meet the most extraordinary people at Dino's of San Mateo: Bill Schelling, one of the waiters here, recently finished making a film for Universal. Entitled "Beau Geste," the movie is all about the French Foreign Legion. The producers chose Bill for the part because he had spent a great deal of his younger years in the Foreign Legion in Morocco, and they wanted to utilize his experience in giving authenticity to many of the scenes.

Anyway, Bill's a big movie star now. You can read all about the picture, which will be released next month, in next week's issue of Time and Life magazines.

The tremendous team of George n' Teddy and The Condors has starred in all media of show business, but to see the boys live at work at Bill Gilbert's Tiger Club at the Airport's Hilton Inn is a real entertainment treat.

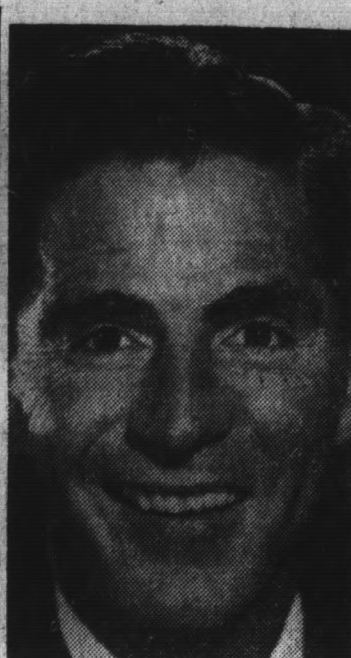

Managed by Steve Tsipitsis, The Tiger offers "ferocious fun" for everyone.

With all the talk about trips to the moon and outer space movements, these days, you don't know how lucky you are that the Pic 'n Pan serves "Out of this world Spaceburgers." You won't find this item on the menu, and the management suggests one to a customer. Scan the advertisement for a complete rundown on what the "Spaceburger" includes. WOW!

The Del Carlo Trio and Don Kelly continue to attract the fun-loving and dance crowds to Nick Gust's Pacifica Nick's. Fireplace cocktail lounge cocktailing is also one of the before and after-dinner attractions.

The across-the-street Turtle, another Gust enterprise, is open Wednesday through Sunday.

Twenty members of the Allstate Insurance Co. held a dinner party in the Plaza Room at the Fior d'Italia.

BOB WELLMAN
Hyatt House—Burlingame

Flavor tips from L'Auberge in Atherton: Chicken Livers saute au Mader or Rex Sole Meuniere on the dinner. For dessert, try something different like Zabaglione, which is beaten egg whites with sherry, served warm.

George Bollag, Swiss-born chef, gets raves for his superb dishes, many of which are not listed on the menu.

HYATT HOUSE A PENINSULA FAVORITE

With new restaurants popping up right and left, it's amazing, to say the least, how some of them survive, but they do, yes sir. One not only finds the Peninsula folk dining out, but also neighboring Bay Area traffic to our territory has been on a steady increase. One of the Peninsula's favorite sites is the Burlingame Hyatt House where for the past six years the food has remained at a consistent high quality, and the famed Scheherazade Room the mecca for those who enjoy dinner dancing at its best. Bob Wellman and his orchestra come in for much praise, as this enjoyable music attracts a clientele which includes mom, dad, and junior executives. Even those who do not dance enjoy a foot tapping session to Bob's musical notes.

One of the most popular dishes served at Phil Lehr's Steakery and Wellington Room is Steak and Lobster, half 'n half. Each compliments the taste of the other.

No Cover Charge Sinaloa Diners

Folks who have never before dined at Luz Garcia's exciting Sinaloa supper club in San Francisco are now taking advantage of the "Two for the price of one" Mexican dinner bargain and are discovering just how delicious the Mexican food is at this Powell Street cantina. You, too, will be happily surprised once you join the early or late-night crowds for a feast, plus an all-Latin floor show. Diners do not pay a cover charge.

Frank Dennison, manager of the Caravan Inn in Mountain View, was guest food expert on the "Restaurant Quiz" on Radio KCBS, LAST Friday. Callers were asked questions about food and dining by host Billy Rose. Winners received complimentary dinners at many fine Peninsula and San Francisco restaurants. The Jackpot Question won a Holiday Weekend for Two at the Caravan Inn, plus a magnum of Paul Masson champagne.

Sorry about that chief, it didn't come out too well. That intimate atmosphere is so hard to capture on camera. It's really there to be enjoyed.

Lutherans To Hear 3 Choirs

Our Redeemer's Lutheran Church will hear the three choirs sing the liturgy and message in song at the 11 a.m. worship Sunday.

The mass choir of about 50 voices will present the sermon at the 11 o'clock service, by the singing of anthems. The mass choir is directed by Mr. Robert Hall, director of the Senior Choir.

Mrs. Irvin Tweet, organist and director of the Carol Choir announced that the 30-girl-voice choral group will sing several anthems.

Robert Bleile will direct the red-vested boys choir—the Viking Choir.

This Sunday will be the final appearance of the three choirs during the summer Sundays. "It will be an opportunity for us to express our appreciation to the many singers who have made such a faithful contribution to the Sunday Services," Pastor Tweet said.

Westlake Center Will Have Baby News Store

A unique San Francisco tradition, which started 17 years ago in picturesque Union Street, is coming to Westlake.

Jiri and Goody Herrmann, who started the original Baby News Store, will be the owners of this branch which is being designed in an unusual and pleasing manner.

The Herrmanns are the originators of a chain of stores which is now the largest of its kind in the United States, numbering presently 24 stores stretched from San Diego to Seattle, with two more opening shortly in Salinas and Ontario.

The Baby News Stores, whose motto is "We Deliver Everything But The Baby", are noted for the brands of merchandise they carry, including such lines of children's clothing as Youngland, Cinderella, Suzy Brooks, Carters, Nannette, Polly Flinders, Catalina, Healthtex, Levi, etc.; and the best in children's furniture and nursery appointments including Edison, Lullabye, Child Craft, Thayer, Kantwet, Peterson and Stroebe.

The Westlake 4,000-foot store will actually be larger in size than the parent store and it will carry clothing for boys

and girls up to size 14. The Baby News Stores were pioneers in many other areas of children's equipment, especially the Child Safety Department in which they assemble safety items from all over the United States and some from abroad.

These include such items as plug ups for home electrical outlets, automobile door locks, medicine cabinet locks, safety straps, etc. Mr. Herrmann is considered a nationally known authority in this field, and was awarded the "Creative Retailing Award" for his baby safety activities by Infant's and Child's Review, a national trade journal.
